

**Allow a faster, easier and safer
checkout to your customers
with their smartphones**

WL Scan & Pay

Today's customers no longer want to wait in line. They thrive to save time and money.

You can offer them a revolutionary shopping experience to answer their needs with our WL Scan & Pay solution.

Scan this QR code to find out how to improve your customer satisfaction while increasing your revenue. Spoiler alert... It only requires their smartphone.

Make your customers autonomous

One smartphone to shop/save/earn/pay

#1

Scan Store QR code

Clients scan it at the store entrance and start to save time immediately.

#2

Scan Products

Clients shop scanning the barcode on each product. They can add or remove products whenever they want.

#3

Pay

Clients pay with their own card online or at the POS terminal.

#4

Exit

Clients present their cell phone with the receipt when leaving the store.

One solution to benefit both you and your clients

FAQ: Does this pragmatic solution answer our main challenges?

Is an internet connexion required?

WL Scan & Pay features an offline mode. It only requires internet in the beginning and at the end of the shopping session.

What about shrinkage prevention?

Shrinkage prevention has been natively embedded with a powerful Artificial Intelligence & provides employee empowerment tools.

How do you manage the exit strategy?

Our solution provides exceptional flexibility to fit with your store setup.
