Our solutions ensure secure payments and trusted transactional services along the entire payments value chain, enabling sustainable economic growth.

Services offered by Worldline include instore and online commercial acquiring, highly secure payment transaction processing and numerous digital services. Our continuously growing portfolio of solutions is environmentally friendly and supports trust and social transformation.

We operate in more than 40 countries and employ about 18,000 talented and dedicated experts. With a strong culture of innovation, Worldline helps clients anticipate the future, seize new opportunities and navigate their challenges with confidence.

Creating value as a global payment leader

Worldline's vision is to enable sustainable economic growth and reinforce trust and security in our societies. Our global business lines work together to drive transformation across the payments landscape to create sustainable value for our clients, employees, investors and for all our stakeholders.

Merchant Services

Energising commerce with advanced payment services

We offer a unique combination of payment, digital and transactional expertise, enabling merchants to increase their sales and enhance their customers' experience, in a secure and trusted environment. We cover the full retail value chain, online and in-store, powering the global transition towards a cashless economy. Supported by our fast-expanding international footprint, this business line is seeing rapid growth in markets such as India, Central Europe and Latin America, adding to our strong footprint in over 20 countries in Europe.
